

„Καλό Πάσχα“ - HAPPY EASTER!

SKORPIOS
C H A R T E R

... **Kalo Páscha** - To all our sailing enthusiasts, local experts and friends of Greece! Spring is here and Easter is just around the corner. This year, Easter will also take place at the same time in Greece. Everything is blooming, buzzing and fragrant – music is in the air... ‘Όρα!’

We look forward to welcoming you soon to the **unspoilt fresh nature of the Greek spring**, to the uniquely green meadows of the Ionian Islands – *in our most beautiful part of Greece* –!

... **and we are ready to go!**

Our Pontoon is securely in front of our office, the yachts are arriving freshly overhauled and with new bottom paint from winter storage; some with new sails, the necessary high-gloss polish and freshly painted teak, finally and long awaited, they are ready to hit the water! We have equipped all yachts with new cockpit cushions and many small, comfortable, not-so-obvious refinements for you.

This spring, we would like to highlight our **ERATO** and the **MALUNA** these compact French yachts are simply perfect for young families or couples cruising; sailing these spacious, exclusively equipped yachts with a Code-0 or a gennaker? A dream will come true! When booking, please simply ask whether a sports sail is available for ‘your yacht’ during your desired days or week(s)!

Want to enjoy the mild winds of early summer? A treat for anyone who appreciates the beautiful natural region of the Ionian Sea and, above all, the many secluded bays and natural harbours. Or would you like to go sailing spontaneously in the early season from Tuesday to Saturday?
